ACTION ALERT!

Contact Governor, legislative leaders by 3 p.m. TODAY to fight for LGA!

Last night's legislative deadline sailed by without action on several key bills, including the tax bill (which includes Local Government Aid funding). Governor Dayton immediately called a special session at 12:01 a.m. this morning, which means legislators are continuing their work to pass budget bills. There is still hope for an LGA increase, but we need your help!

Take action now!

If we are going to secure an LGA increase, it is imperative that you contact Governor Dayton, House Speaker Kurt Daudt and Senate Majority Leader Paul Gazelka by **3 p.m. TODAY**. Tell them that the **final tax bill must include a permanent \$20 million increase in LGA** per year over the next two years.
