

Dedicated to a Strong Greater Minnesota

## Join the CGMC on May 11 as we make a final end-of-session push for Greater Minnesota priorities!

Action is heating up at the Legislature, but it appears lawmakers are still a long way from reaching agreements on top Greater Minnesota issues like **LGA, bonding, transportation, environmental regulatory reform** and **workforce housing**. We need to make an extra push in the last few weeks of session to demand that legislators pass bills that address the needs and concerns of Greater Minnesota communities. To relay this message, we are asking all Greater Minnesota city officials and community leaders to join us for a special CGMC Lobby Day and Ice Cream Social on Thursday, May 11.
